

Warther Carvings and Gardens Dinner Tours and Hobo Lunches

www.warthers.com

Warther Carvings is truly a one of a kind place to visit. You'll experience the Story of the Warther family and see how Ernest "Mooney" Warther combined a love of family with his love of carving to leave behind an amazing legacy. A guided tour will take you through this world class museum that showcases Warther's life and carvings. Mooney's carvings include an animated replica of the steel mill where he once worked, ebony and ivory steam locomotives including the Lincoln funeral train, and the largest working ivory carving in the world. The Smithsonian appraised the collection as a "priceless work of art". Stroll through Frieda Warther's Swiss gardens to her Button House, a collection of 73,000 buttons. View Warther's original work shop which is adorned with 5,000 arrowheads and watch knives being made in our Knife Making & Wood Shops. Our gift shop is the exclusive home of Warther cutlery. Also starting April 1, 2010 come visit the Original Warther Home and see how Mooney and Frieda lived their hobbies in the newly restored 1910 home. The Home tour will show you how the Warther family enjoyed hobbies and family time, as well as how the home was decorated during various seasons.

Tour Operator Services: Our one hour guided tour includes the museum, videos, knife shops, and wood shops. Additional time is needed for the gift shop, gardens, the Button House, and Warther Home. We suggest that you plan 2 hours for your total visit. Motorcoach parking is provided with front door drop off and pick up. We are totally handicapped accessible. The coach driver and escort are comped. Reservations are needed, but no prior payment is needed except for the "Warther Dinner Tour".
